Date: 1. 12 October 2021
Organized by: 1. Department of Geography
Summary: 1. Resource Person emphasized on Current Job Opportunities in the field of Geographical Information System. He talks about importance and applications of GIS. Varun compares from Mumbai, Hyderabad, Bangalore and Pune. After completion the GIS course students will get jobs.

Snapshots

- Outcomes:** By this lecture student come to know,
1. Inspiration for the Students who want to career in GIS.
 2. Importance of GIS in field of Geography and Remote Sensing
 3. Successful Interaction with the Guest.
 4. Future opportunities and career in GIS.
 5. Job in Different parts of India like Mumbai, Bangalore etc.

Title of Activity : Field Visit : **Peninsular and Surrounding area.**

Date : 07 November 2022

Organized by : Department of Geography.

Summary : Field trips allow students direct access to lands and environments that they otherwise wouldn't have contact with in the four walls of their school. Students can be taken to see historical artifacts or even an underwater ecosystem at an aquarium on field trips. Each experience solidifies learning and supports key academic theories. They begin to see that what they learn in the classroom can help them solve real world problems and this shapes them as people.

Images:

Outcome: By this lecture student come to know,

1. It gives chance to students a think about a topic in different perspective.
2. Students get opportunities to experience new venues.
3. Improve Environmental Knowledge.
4. Develop critical thinking skills.

- Title of Activity:** Guest Lecture (Under Staff)
- Speaker :** Mr. Shalokam Patil (Assistant Prof. Dept. Geography, Jai Shreekrishna, Navi Mumbai, India)
- Date :** 17 Jan 2023
- Organized by :** Department of Geography.
- Summary :** The Guest Lecture was organized specially for Geography students for celebrate the Geography day. Speaker talks about the current condition in the field of Geography and career opportunities. Sustainable development management through Geography is also discussed on this day.

Snapshots

- Outcome:** By this lecture student came to know
1. Discuss about the future trend in the field of Geography.
 2. Sustainable Development programs needed in the society.
 3. Geography very use full for Sustainable Development.
 4. Importance of balancing between Technology and Environment.
 5. Significance of reuse, reproduction and recycling material.
 6. Contribution of Dr. C. D. Deshmukh on works in field of Geography.

Title of Activity : *Swachh Tihar - Dussahi and Surrounding Area*

Date : *1 & 2 May 2023*

Organized by : *Department of Geography.*

Summary : Educational trips involve group activities and require students to work together, which helps them develop teamwork skills and social skills. This is crucial for younger pupils because it boosts their confidence and self-worth. The main purpose is understanding the Geographical conditions impact on human behavior.

Snapshots:

Outcome: *By this lecture student came to know,*

- 1. Participate student gain first hand exposure to natural landscape.*
- 2. It helps broaden understanding of the world.*
- 3. Student interact with different Social and Cultural environment.*
- 4. It help us think more critically about the world around them.*

Department of Electronics

Activity Report 2022-23 PCB DESIGN COURSE

Total No. of Participants: 35

Duration: 30Hours

Syllabus:

1-Defining the main stages of PCB design from a simple idea to physical reality by having a PCB board ready for production

2-Familiarize the students with EDA user interface and design environment
Defining the types of libraries and the function of each one Getting started with a new project .

3-Understanding different patterns of differed components and their corresponding package styles and footprints.

4-Description of IPC (industry standards) of every aspect of PCB design.

5- Developing a comprehensive design strategy to produce a state of the art schematics and PCB layouts

Outcome: Upon completion of the PCB design course, the students should be able to carry out any PCB design necessary for their graduation projects.

Students will also be able to create schematics from blue-prints, they will also be able to perform simple simulations The course is intended to give the students the necessary knowledge and of PCB design steps, starting from a simple schematics, through creating new components, and all the way to down a final PCB layout ready for population The course includes single-sided printed circuit board design, emphasizing the drawings, standards, and the processes required to layout printed circuit board and manufacturing documentation Recognize the technologies used in electronic industry through the practical experience gained in the course .

OUTCOME OF THE PROGRAM/ACTIVITY

Outcomes of the Poster Presentation & Model Presentation
..... organized
for staff/students/children/parents on 5-12-2022
in B.V.C. class room at 10:20 a.m./p.m. are as follows:

1. To raise the awareness among people about the
2. importance of mathematics for development of
3. humanity.
2. Students able to communicate mathematical ideas
1. with other.
3. students able to develop presentation skills.
4. Encourage an active response.
5. The audience you want to target.
