विषय: गोकुळ दूध उत्पादक संघामध्ये संशोधन प्रकल्प करणेस परवानगी मिळणेबाबत.

महोदय,

वरील विषयास अनुसरून, आमच्या महाविद्यालयांतील B. Sc. III Zoology मध्ये शिकत असणाऱ्या चार विद्यार्थिनी गोकुळ दूध उत्पादक संघामध्ये तयार होणारे उत्पादने, तयार करण्याची पद्धत आणि विक्री पद्धत या विषयावर संशोधन करणार आहेत. तरी संशोधनासाठी लागणारी माहिती मिळवण्यासाठी त्यांना गोकुळ दूध उत्पादक संघाममधील प्रत्येक विभागास भेट देण्याची परवानगी मिळावी हि आपणास, नम्र विनंती.

संशोधन विद्यार्थिनी ची नावे

Ref : Your letter dt. 29/03/2022

Dear Sir,

With reference to the subject mentioned above we are pleased to inform you that we are permitting your student/s named below to complete his/her In-plant Training/Project work/Thesis/ in our Organization.

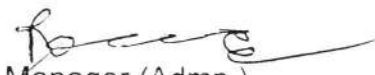

Sr.No.	Name of Student	Field/Subject/Section	Period
1.	Vaishnavi.D.Nalawade	Product, Processing,	15 days
2.	Pratiksha.B.Patil	Quality	15 days
3.	Anuradha.B.Chorde		15 days
4.			
5.			
6.			
7.			

Your student/s is/are requested to approach Concern Dept. For further needful information.

Further, please note that we do not provide any facility to the students that of lodging-boarding, stipend etc. However, we assure you that we will extend full co-operation to your students.

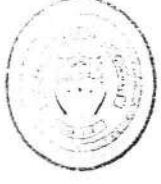

Thanking you,

Yours faithfully,

Manager (Admn.)

Kolhapur Zilla Sahakari Dudh Utpadak Sangh Ltd.

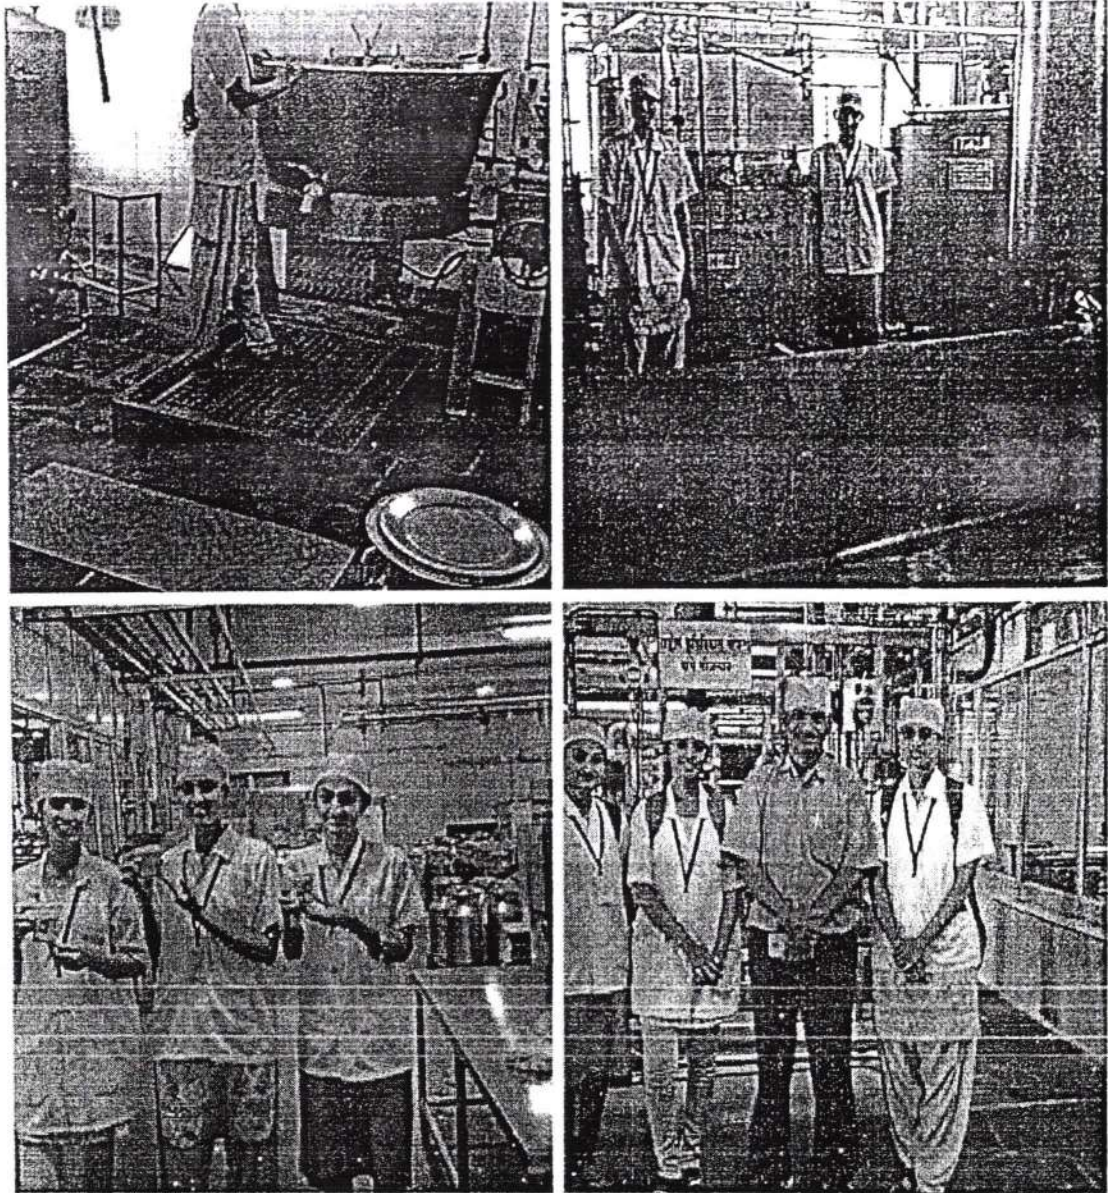

Gokul milk was established in November 1985 with finance from NDDB. Kolhapur Zilla Shakari Dudh Utpadak Sangh Ltd is parent organization of Gokul. Present setup of Gokul states that its current milk collection is 7,00,000 liters per Day from 5 chilling sections with daily water requirement of 1.6 Liters per liter of milk processing. Generation of daily wastewater is 14000m³ per day. Gokul carried out work with Process section, collection, processing of milk and other products like Ghee, Butter, Shrikhand Table butter and milk powder.. Gokul has Boiler section with softener provision. All safety measures were providing in Gokul Premises. Regular CIP (cleaning inside procedure section) is carried out for maintain healthy and clean environment. Gokul is famous Milk and Milk product brand in Maharashtra. From this academic year three students of B. Sc. III zoology was haired for 15 days quality control and production training during period 29. 03. 2022 to 13. 04. 2022.

Subject: Participation of two faculty member And Eight students in university level one day workshop on "Pearl Farming".

Ref: Letter No. VCK2080 / 2021.22

Respected Sir,

With reference to above mention subject and your letter dated 12.3.2022, the two faculty member and Eight students of department of Zoology will be participating in the university level one day workshop based on "Pearl Farming", on 16th March 2022. The name and email address of faculty are

1. Dr. Mrs. Manjiri Ajit More
Head and Assistant Professor,
Department of Zoology,
Gopal Krishna Gokhale College, Kolhapur.
Email: manjiridesaimore@rediffmail.com
2. Mrs. Swapnali Sachin Jadhav
Assistant Professor,
Department of Zoology,
Gopal Krishna Gokhale College, Kolhapur.
Email: swapnali2233@Gmail.com

I request you to do the needful and allow our faculty members to participate in above said workshop.

Thanking You.

Principal,
G. K. Gokhale College, Kolhapur

Yours Faithfully,

Principal,
Gopal Krishna Gokhale College,
Kolhapur.

Sr. No.	Name	Designation

B. Sc. III Field Visit Report 2021-22

Siddhagiri Gaushala Kaneri Math

Date: 04.04.2022

With the advent of aggressive liberalization in the 90s, one of the major sectors to face its worst nightmares was Agriculture. His conventional approach of conserving and utilizing the livestock effectively, is also being challenged. Dairy farming has always been one of the profit-making allied activities and all the farmers spread across the country are engaged in trying to make most of it. Undoubtedly, today India is the world's top dairy producer but for retaining the position, India risks losing the native cattle breeds.

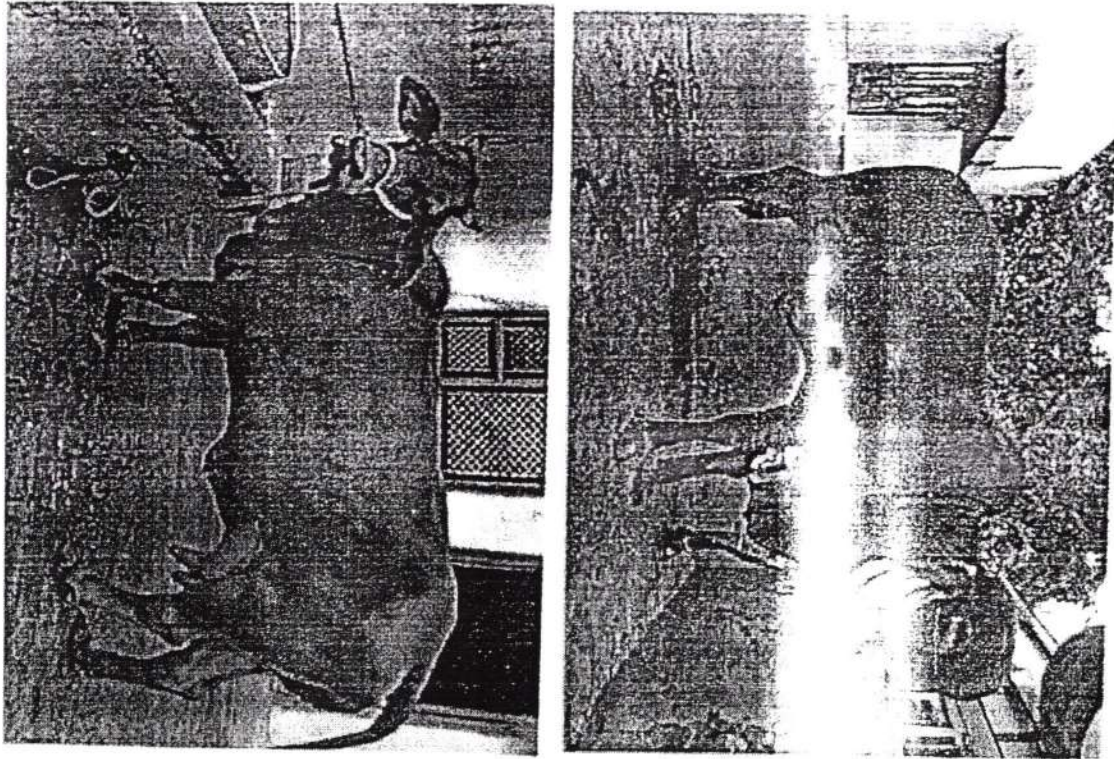

With changed cow-rearing preferences, a number of farmers are adapting to the cross-breeding practices. Such crossbreeding programs, which often involve foreign breeds, are being carried out widely with the target of producing milk at a higher rate. Many a times, rearing of foreign breeds incur higher cost of maintenance and due to this, a number of small scale farmers are losing out on their affordable indigenous breeds of cows. Not just cross-breeding but export of the native breeds to the international beef market and low quality fodder have played a crucial role in exacerbating the situation. India's wealth of genetic diversity of domesticated animals, today are on the verge of extinction for sure.

With an intention of conserving the native breeds of Indian cows, Swamiji decided to establish a Gaushala in 2009. Manifold breeds were brought in at one place from across the nation. Several farmers were persuaded not to sell their ageing or injured cows and all of them were treated at Gau Shala. Neighboring villages too were urged not to send their cows to slaughterhouses. Many a times, Swamiji himself stopped number of trucks carrying cows to beef market and brought them at Gau Shala.

Today, the Gaushala at Siddhagiri Math houses over 1000 cows of different indigenous breeds such as Sahiwal from Gujrat, Amritmahal from Rajasthan, Tharparkar from Andhra Pradesh and Khillari from Maharashtra. India used to have over 100 genetic varieties but over the period of time the number was reduced to just 35. At Siddhagiri Gau Shala, over 25 breeds are taken care of under one roof. At Gau Shala, one can find the breeds such as Amrut Mahal, Sahiwal, Geer, Devni, and Gidda which were on the verge of extinction.

The Gaushala has proved beneficial in more ways than one. Due to Gaushala, now, the Math has a sustainable energy source in the form of biogas. The Math also conducts seminars for farmers and individuals and guides them regarding how to install and run the biogas plant and avail the benefits of this renewable energy source.

B. Sc. III Educational Tour Report 2021-22

Bondla Wildlife Sanctuary

Date: 16/04/2022 to 17/04/2022

A wildlife sanctuary is an area where animal habitats and their surroundings are protected from any sort of disturbance. The capturing, killing and poaching of animals is strictly prohibited in these regions.

They aim at providing a comfortable living to the animals. India has beautiful wildlife sanctuaries, with dense forests, large rivers, high and beautiful mountains.

There are a number of reasons for establishing wildlife sanctuaries. Some of the reasons are listed below:

- The wildlife sanctuaries are established to protect the endangered species.
- It is quite difficult to always relocate the animals from their natural habitat, therefore, protecting them in their natural environment is advantageous.
- The endangered species are specially monitored in the wildlife sanctuaries. If they reproduce and grow in number while under protection, few specimens can be kept for breeding in the conservation parks for their survival.
- Biologist activities and researches are permitted in the wildlife sanctuaries so that they can learn about the animals living there.
- A few sanctuaries take in injured and abandoned animals and rehabilitate them to health before releasing them in the forest.
- Wildlife sanctuaries preserve the endangered species and protect them from humans and predators.

Many species of plants and animals are on the verge of extinction. Such creatures are conserved in the wildlife sanctuaries. Many sanctuaries are involved in ecotourism. They offer accommodation, tour guides, nature walks, etc. Thus we know, that a wildlife sanctuary is one of the finest ways of preserving the endangered species.

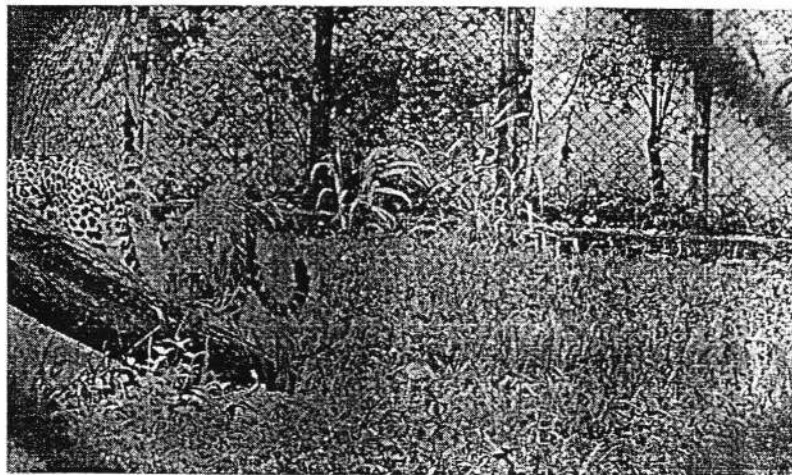

Bondla Wildlife Sanctuary is also the most popular wildlife sanctuaries in Goa, Its convenient location in the Ponda Taluka combined with its manageable size of just 8 sq. km. This sanctuary is located in the Ponda Taluka of North Goa. It is easily accessible from both Panaji and Margao, being located 50km from Panjim and 38km from Margao. In fact there are tourist buses available to reach the sanctuary from both these places. The area encompassed by this sanctuary in the Ponda Taluka is covered in moist deciduous forestation with a few patches of evergreen vegetation. Some of the common trees found here include the State tree of Goa Terminalia Crenulata (Matti) and Rosewood.

There are a number of animals that make their home in this place. They include the Gaur, Goa's state animal, Sambhar deer, panther, jungle cat, leopard, toddy cat, wild boar, porcupine, scaly anteater, and the Malabar giant squirrel. There are watchtowers set up at strategic locations where one can observe the animals in their natural habitats. The park also houses a number of birds. The most common amongst these include Ruby throated yellow bulbul, which is the state bird, the common grey hornbill and golden backed woodpecker. There are also a number of rare species that visit the park.

The little Bondla Zoo exists within the larger confines of the wildlife park and is home to a number of animals. These include Tigers, elephant, Panther, Gaur, Sambar, Deers, Sloth Bear, Porcupine, Wild Boar, Crocodiles, Reptiles and many more.

Botanical Gardens – These beautifully laid out gardens are enjoyed by nature enthusiasts and botanists alike. There are number of rare tree and plant species that make these gardens a paradise for students of botany and researchers. The beautiful and colourful flowers make the gardens a delight to the eye.

Rehabilitation Centre –One of the most commendable steps taken by this sanctuary in the preservation of the environment is the rescue centre that tends to wounded animals, especially leopards that have come into too close a range of human habitation. Therefore, educational tour was arranged on 16th april 2022 and 17th April 2022. The 12 students and 03 faculties were visited to Bondala Wildlife, Goa.

OUTCOME OF THE PROGRAM / ACTIVITY

Outcomes of the “**Botany Department Plant Model- Exhibition and Presentation**” at Department of Botany. This activity was organized for staff/ alumni, students and for members of Teak Nature Club of Gopal Krishna Gokhale College, on Thursday, 12/05/2022 at 10:00 a.m. are as follows:

1. Students enjoyed learning through exhibition as they put efforts and explain the plant Models in their own interest.
2. Students who presented their models in exhibition were become more familiar with public speaking and this removes their stage fright and imparts self confidence in them.
3. Persons who attended an exhibition got the knowledge of external and internal structures in plants.
4. Interaction between teachers, students and learners made awareness about importance of plants.
5. Develops responsibility of teachers and students towards preservation of Plant models.
