Article in Times of India in Dec 2021
About lack of skill sets in candidates which is making getting jobs difficult for the candidates.

Even if the candidate has the required academic qualification, they fail to get the job or fail in the job. The reason is because of lack of required skills and competencies. Employers are looking out for the candidates with these skill sets in their selection process and interviews.

What are these skill sets?
How to improve upon them?
Where can I learn these?
